

Wesley Slade

UX Design / UX Research / Service Design

A designer and educator striving to make a positive impact on the world by co-creating innovative and effective solutions with the people who occupy it

EDUCATION

Honours Bachelor's Of Interaction Design

Sheridan College - Class Of 2020

During my time in the Interaction Design program, I crafted a set of skills in user-centered design, research, and discovered my dual passions in teaching and designing for social & public good.

EXPERIENCE

Junior Creative Tech. & UX Designer

WonderMakr - April 2019 to August 2019

Collaborated with a multi-disciplinary team to create captivating user experiences that bridged the gap between digital and physical design. Enhanced brand identities by producing motion graphics and video content for internal and external products.

Learning Assistant / Peer Tutor / PAL Leader

Sheridan College - 2017 to 2020

While studying at Sheridan, I held positions as a tutor, learning assistant and student technician totaling hundreds of hours of work experience. During these experiences, I discovered my own motivations for learning were rooted in the ability to pass that learning onto others.

ACCOMPLISHMENTS

Thesis Nomination / Publication

Sheridan College - June 2020

My thesis on self-directed learning was nominated by my faculty to be featured as exceptional work on Sheridan's research hub, Sheridan Source.

HACKATHONS

Winner Of Uber Design Challenge

McMaster Designathon - January 2019

Winner Of McMaster Brigades Challenge

McMaster UX/UI Designathon - October 2019
